BOOK SYNOPSIS

There are two sides to every story...Raya Capperton? Shes a stuck-up study worm with a chip on her shoulder, and now shes living in my house. And shes supposed to control what I do? All because four frat dicks ran over her house? Yeah. This is my fathers sick sense of humor, and hes punishing me for something I had no part in. However, I never expected Raya to intrigue me. Sure, I expected her to turn me on. I mean, hell, shes been running around in her panties next door all semester. How could I not get turned on? But theres more to her than I realized, and now Im inexplicably drawn to her, and I hate it as much as I love it. She doesnt fit into my plan. In fact, she makes me forget I have a plan at all because of how hard she knocks me off balance. Life is a series of games and strategic maneuvers. Love shouldnt be any different, right?
